

Risk & Safety Management Solutions

Want to create a positive difference to your organisation's health and safety performance?

Our professional team can:

- Develop and review your health and safety management system
- Train your managers and staff
- Help you understand the underlying causes of incidents in your workplace
- Capture and utilise health and safety information better
- Support your leadership team to become safety "champions"
- Assist you to implement strategies to keep things running smoothly

Impac - Celebrating
10 years of service to
New Zealand businesses

Why choose Impac?

Impac offers a comprehensive range of services all in one place.

This allows you to engage with New Zealand's leading health, safety and risk practitioners, who collectively have decades of experience of developing practical and effective solutions for businesses just like yours.

We have an outstanding reputation for our commitment to our clients and for our professionalism and openness.

We are trusted by many of New Zealand's leading corporate and public bodies (including Department of Labour, ACC, Maritime New Zealand and Civil Aviation Authority).

We are accredited by NZQA, NEBOSH and IOSH to deliver quality training to your doorstep.

We keep up to date with all the current developments to give you the best advice going and have a quality assured network of experts to call on.

We can tailor solutions to fit your specific needs.
